Letter of Recommendation

Pro Start Me Technologies Pvt. Ltd.

Surat,
Gujarat 395002

Date: 22/09/2023

To Whom It May Concern,

I am writing to highly recommend **Mr. Tanmay Agarwal** for any technical role in the field of Artificial Intelligence and Machine Learning.

As a HR Generalist, I had the pleasure of working with Tanmay for 6-week while he interned as a Generative AI Intern at **Pro Start Me Technologies Pvt. Ltd.** During this period, Tanmay consistently displayed a deep understanding of Generative AI concepts and their practical applications. His ability to blend theoretical knowledge with hands-on skills made him an invaluable asset to our team.

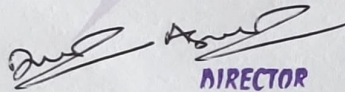

One of the qualities that stood out the most about Tanmay was his dedication and determination. He approached each challenge with enthusiasm and was never hesitant to dive deep into complex problems. His analytical skills and attention to detail allowed him to effectively create and implement solutions that significantly benefited our projects.

Beyond his technical prowess, Tanmay is an excellent communicator and team player. He collaborated seamlessly with other team members, always eager to share his insights and learn from others. His open-minded approach and genuine willingness to contribute made our collaborative tasks more productive and enriched our team dynamics.

Given Tanmay's proven abilities in Generative AI and his unwavering dedication, I am confident that he will be an asset to any organization or academic institution. I wholeheartedly recommend Tanmay Agarwal for any endeavor he chooses to pursue. Should you require any further information or clarification regarding his tenure with us, please do not hesitate to get in touch.

Warm regards,

FOR PROSTART-ME TECHNOLOGY PVT. LTD.
